

## SUN BEAMS

By WALTER M. BARRETT

When and if you have a fire at your home or place of business you may expect every available member of the Truckee Volunteer Fire Department to get there as fast as they can and regardless of the time or conditions, do their very best to save you a loss. They are willing to do that whether or not you buy a ticket to their benefit dance on October 30, but you can show your appreciation of their work in advance by helping them now. If any organization in Truckee is worthy of the support of the community it is the fire department.

And while we are on the subject of organizations, we have learned that the Truckee Parent Teachers association is about to start its annual drive for membership. Untold good is accomplished through the tireless efforts of this group and a glance at their program for this year is sufficient evidence of the fact. No other organization in the community attempts to duplicate the work of the P. T. A. in the development of the youth and forming closer relationship between the home and the school. While many of us may not find time to actually participate in this program we can at least show our attitude by joining. The fee is very small in comparison to the good derived.

The trout fishing season will close on the Truckee river tomorrow and for six long months we can make plans for next season and talk of the past. And there should be high hopes for next year's angling as 171,000 hardy little rainbows will be put into the river soon to learn the ways of the world before fishermen get a chance at them. These fish have been raised to a good size through the efforts of the San Francisco Flycasting club's able custodian and with the financial support of the local businessmen. Sportsmen next year may thank this club and the businessmen of Truckee for the many limits which are being put in the river for their pleasure.

Now that the boys at the high school have formed their athletic union for the purpose of joining the CIF and holding meets here during the coming snow sports season, we feel that it is only fitting that the town offer them the moral support which they will need and the small financial backing which will make their program a better one.

It's pretty late in the year to talk about cleaning up the debris on our streets and alleys, so we will refrain from our usual "waste of printing" but promise you that it will be resumed again next spring. We expect the results of our "waste" then will be no greater than this year but we can keep on trying.

### NEVADA SUPPLYING 65 PER CENT LABOR ON NEW BOCA JOB

A joint statement issued Thursday by the George W. Condon Company, contractors at the Boca dam, and the Boca Tunnel and Construction Workers Local No. 42, a C. I. O. unit, said that 65 per cent of the labor employed on the dam is from Washoe county, Nevada.

Labor is being hired through a California hiring hall, although Nevadans are given preference if they are affiliated with the C. I. O., it was said by the Washoe county commissioners.

### DONNER ROAD TO BE COMPLETED BY FIRST OF MONTH

November 1 is the date designated by the Sacramento office of the National Automobile club for the completion of work being done on U. S. 40 for 2.5 miles along Donner Lake.

Shoulder work is being continued until that time. The purpose has been to eliminate the section of old, narrow and winding road.

### EDMUNDS SELECTED ON DISTRICT FAIR BOARD BY MERRIAM

C. Edmunds of Truckee has received his appointment from Governor Frank F. Merriam to act as a member of the 17th District Agricultural Association and membership in the District Fair Board of Nevada county.

Others on the board are K. Smart, U. S. N. Johnson, E. K. Smart, Harry B. Cox, Thomas Mulchay, Henry Spiess and C. J. Rolph.

## TWO BOYS HELD BY FEDERAL IN CAR THEFT CHARGE

Boys Said By Officers To Have Records Despite Tender Years

### LOOT IS RECOVERED

Youths Taken To Bay City For Trial After Arrests

Two boys, who gave their names as Hollis Mueller, 17, alias Kent Robertson and Harold Rikli, 17, alias Frank Castello, were arrested at the Truckee checking station on Saturday by State Patrolman C. E. McKee and William Kocher and charged with violation of the Dyer Act. They have been taken to San Francisco to await trial in the federal court.

The boys when arrested were said by McKee to have been driving a Chevrolet coupe which had been stolen from Lloyd Reed of Denver. The car bore license plates belonging to a Manhattan, Kansas, car, which Rikli said, according to the officer, Mueller had admitted stealing.

In the car, officers found a number of articles, including jewelry, which the boys are said to have admitted taking from a home in Colorado.

An inquiry, McKee said, revealed both boys had reform school records.

At Salt Lake, according to the story told here, the boys stole a Ford which they drove out of the city in order to take the gasoline for the Denver machine they were driving.

## TUNNEL FOREMAN IS INJURED IN CAVEIN AT BOCA PROJECT

William A. Whitmire, 57, employed at the Boca dam construction on the Little Truckee river and in charge of the diversion tunnel operations there since the start of the project, was injured in a cave-in at the north end of the tunnel this week.

He was given emergency treatment by Dr. J. H. Bernard in Truckee and then taken to a Reno hospital where X-rays were taken to determine the extent of the injuries.

Officials at Boca said the accident was caused when a dump truck ran off the rails and struck a bracing timber, causing the section of earth to fall.

Whitmire was struck by the falling earth and rocks, suffering head and back injuries.

## DRIVE TO START FOR BIG MEMBERSHIP IN TRUCKEE P. T. A.

Mrs. G. E. Hofmann, chairman of the membership committee of the Truckee Parent Teachers association, has announced Mrs. Lyle Smith and Mrs. N. F. Dolley as members of her committee.

The membership drive will begin immediately and the organization is anxious for a large membership to better serve the community.

## FIREMEN RECEIVE BADGES, SHIRTS IN FIRST STEP TO SECURE UNIFORMS

Next time the members of the Truckee Volunteer fire department are seen in public as a group, be it fighting fire or conducting their annual dance, the new blue firemen's shirts, which recently arrived as the first unit of the uniforms, will be adorned in shiny new badges, more recently arrived.

The new shirts and badges offer a distinguishing difference and the department members can justly be proud.

### Plans Trip Here—

Mrs. Roscoe Schlueter of Sacramento plans to join her husband here where they will be guests of Mr. and Mrs. F. S. Powell for the last two days of the fishing season. Mrs. Powell may return to the capital later for a visit with Mrs. Schlueter.

## Hobart Company Founder One Of Active Pioneers

By Mrs. Frank Wilson  
Sun's Hobart Mills Correspondent

Much has been written about the closing of Hobart Mills, but little has been said about the man whose name it bears.

In the early days of Virginia City, when the mines were known the world over, and when men like MacKay, Flood, Fair and O'Brien reached the Roll of Fame, and where Mark Twain and Hank Monk assisted in making history, few realize that W. S. Hobart and his associates made it possible for Virginia City to become a city of 30,000 people, by bringing water to the top of the crest of Mt. Davidson, an almost impossible feat in those days. Also that he made the large mining operations possible by large sawmill operations that provided lumber, wood and timbers needed in the mining industry.

His far-sighted vision of the future needs of the Nevada mines enabled him to lay plans in the 60's for a source of timber supply that has so recently ended with the sawing of the last log at Hobart Mills.

Perhaps the organization started by this one quiet, determined man may not have all been Paul Bunyons, but the traditions handed down from fathers to sons, from manager to laborer, for fair play and honest integrity will live long in logging traditions. And in the years to come many will be proud to say that they and their fathers were in the Hobart organization.

## New Dwellings Planned Here As Land Sold

Property on Hill Changes Hands In Promising Development

Two modern dwellings for renting purposes are to be erected in Truckee shortly on Lots 23 and 24 in Block H, situated on the hill back of High Street, according to J. D. Manseau, who purchased the lots and small frame building from May Hawthorne last week. Prior to ownership by Mrs. Hawthorne, the property belonged to W. F. Wilkie.

Manseau said he will build up-to-date bungalow type dwelling to withstand severe weather conditions as he believes there is a demand for such houses in Truckee at the present time.

John Coughlin of Truckee also purchased an acre and a half of land situated at the end of Spring Street and two lots situated east of the tract.

At one time there was a dairy located on the land that was known as the Cassidy property.

Coughlin has not revealed what his plans are entirely, but said he might build there in the spring.

## SMOKER FINED \$10 IN LOCAL COURT

Arrested by Forest Officer Stone on October 11, Robert Davies of Truckee was taken before Justice of the Peace C. E. Smith and fined \$10 after being found guilty of violating the Nevada county ordinance which prohibits smoking in a prohibited area of the forest.

Rangers point out that the fire hazards in this region are not over and they warn against smoking in the forest which includes part of Nevada as well as this region.

## CONTRACTOR KILLED IN AUTO ACCIDENT ON NEVADA ROAD

According to a press dispatch from Dayton, Nevada, a man identified as A. Frederickson, well known building contractor from Stockton, was fatally injured on Tuesday when his car overturned on a highway near that city. Frederickson is said to have fallen asleep at the wheel of his car.

## INQUIRIES MADE AS WORD SPREADS ON SUBDIVISION

Survey Will Be Conducted In New Subdivision For Truckee

Although announcement of the purchase of 340 acres of land adjoining Truckee on the west by Richard Joseph, Truckee business man, was made only a week ago, numerous inquiries have been received relative to purchase of lots in the area which Joseph says will be subdivided and placed on the market next year.

Some of these inquiries are for information concerning home sites, it was announced, while still others are desirous of obtaining information relative to business locations along the highway near and east of the Tahoe-Truckee Wye.

Present plans call for subdivision of the property on both sides of the main highway and including the Wye during the coming months. Joseph announced that he is making arrangements for installation of lights, power and water service for the new subdivision of Truckee.

## Chamber Seeking Opinions Here On Incorporation

Cards to be Issued Here To Voters of District On Proposal

In an unbiased effort to determine the attitude of the local voters on the much-discussed subject of incorporation of Truckee, the local chamber of commerce is mailing questionnaires to all local voters this week to bring about an impartial consensus of opinion.

Only two questions are being asked on the cards. The first is whether or not the recipient favors incorporation and the second seeks to learn if a closer study of all phases of the proposal is desired.

The subject has been discussed in a pro and con manner for several weeks, but the action of the chamber of commerce marks the first move to determine the wishes of the voters on the question.

Everyone, either for or against the plan are urged to return their questionnaires immediately.

## LIONS FAVOR FIRE PREVENTION DRIVE BY DEPARTMENT

At a meeting held in the California restaurant last night, members of the Truckee Lions club voted unanimously to go on record as supporting and approving the campaign of the local volunteer fire department in sponsoring a fire prevention campaign. Past President Frank Gaienne spoke briefly on the subject.

Tom Oliver, who is leaving for Deler to take charge of the interests of the Feather River Lumber company withdrew from active membership in the club as he is leaving shortly for his new home. Bert Daniels of Arcadia was a guest.

One new member, Rev. Ernest R. Everett was welcomed into the local service club.

## TRIAL OPENED FOR DEATH CAR DRIVER AT NEVADA CITY

The trial of Raymond Smith, chauffeur for William Williams, well-known oil and mining man of southern California, began Wednesday morning in the Nevada county superior court as the outgrowth of the deaths of Mr. and Mrs. Asa Eddings and their daughter, Betty, of Sacramento, following an automobile collision near Cisco on July 4.

Negligent homicide has been charged.

### Improving—

Al Fontana who has been ill with an attack of influenza is able to attend to business affairs again.

## Athletic Union Formed Here By Boys Of School

Officers Elected To Outline Busy Season For Sports

The boys of the Meadow Lake Union high school organized this week into an athletic union. They elected Robert Bowers as athletic manager and Kenneth Back as the assistant manager.

After the election of officers, they discussed plans for the California Interscholastic Federation ski meet for which the local unit of the CIF has put in a bid. No definite action could be taken as the governing board of the organization has not yet decided the local chapter's petition is to be granted or not.

A projected football game with the Lake Tahoe high school boys was discussed before adjournment.

## Year's Program For P.-T. A. Will Demand Interest

Peace From Understanding Is Theme of Year's Activities

"Peace through Understanding." This phrase will form the theme for the Truckee P. T. A. program during the current year, it was announced this week by Mrs. S. E. Gordon, president of the local unit.

The topics and dates for the various meetings in all of which the general theme will predominate, will be as follows:

November 5, 7:30 p. m. at the high school. Topic—The Wise Use of Leisure Time a Force for Peace.

December 3, 7:30 p. m. at the grammar school. Topic—Good Will Toward Men.

February 18, 7:30 p. m. at the grammar school. Topic—Parent Teacher Association as an Influence for Peace. On this date Founder's Day will be observed with a special program.

March 4, 7:30 p. m. at the high school. Topic—Safe Living is Peaceful Living.

## SUSPECT RELEASED FROM JAIL HERE AFTER QUESTIONS

Jack Lorraine, 50, resident of Reno and Truckee, was released from the local bastille last night after being detained for questioning following a report to local officers that he was wanted by the federal authorities.

He was taken into custody by Deputy Sheriff N. F. Dolley and Constable William Botcher on Tuesday, but was released when no evidence was found to bring about a formal charge.

## LOCAL WOODSMAN SUFFERS BROKEN BACK UNDER TREE

Charles Guterres, woodsman residing near here, is recovering as well as can be expected at the Jones Memorial Hospital in Nevada City following a serious injury to his back last week when the tree he was assisting in felling, crashed suddenly, pinning the unfortunate man beneath it.

A plaster cast completely covering his body was found necessary to help in healing of the painful back fracture and Guterres will remain in the hospital for some time, according to reports from the institution.

## HEAVY RAINFALL IN THIS AREA RECORDED

A drenching rain storm struck the Truckee-Tahoe region Wednesday night and continued through Thursday morning, greatly lessening the former fire hazards in the forests.

### Kills Big Buck—

Frank Holt has the honor of having killed the largest buck in this area. The animal weighed close to 250 pounds.

## 171,000 RAINBOW TROUT WILL BE RELEASED SOON

Small Percentage of Loss Is Revealed As Trout Are Raised

### CREDIT DUE HOMMON

Crop of Fish Will Average Over Four Inches In Length

Within the next few days, 171,000 sturdy, half grown rainbow trout raised at the San Francisco Fly Casting club's tanks, under the careful handling of Ed. Hommon, will be turned into the Truckee river to make their own way and offer sport for next year's fishermen.

Hommon has turned out 11 crops of trout at the fly casting club during his 12 years of service for the organization and he said the present crop was one of the best ever seen.

Fed on ground liver and horse meat and cared for night and day like the infants they are, only 4000 of the original consignment of 175,000 trout from the Tahoe hatchery expired. This loss is held by those familiar with the culture of the finny tribe, to be unusually small and much credit is due Hommon.

The fish when freed in the river will measure an average of four and a half inches, Hommon said.

The entire crop, large and small are in good condition, fat and strong. Those in Truckee who subscribed to the fund of more than \$400 which will help defray the cost of raising the trout, have but to look at the results obtained during the past several months to realize that their money was not spent in vain. It is a safe conclusion, Hommon said, that a majority of the trout freed will survive and develop some during the coming winter and spring.

HUNTERS BLAMED FOR INTERRUPTION IN ELECTRIC SERVICE

Deer hunters, who apparently had nothing better to do, are blamed for shooting off all the insulators on a Sierra Pacific power pole seven miles north of here Wednesday at noon, resulting in an extended interruption in service here. Frank Gaienne, the company's local manager traced the trouble and soon had it temporarily repaired.

## TRUCKEE P. T. A. IN REGULAR MEETING HEAR SPEAKERS

A regular meeting of the Truckee Union P. T. A. was held Wednesday evening in the grammar school.

Mrs. H. R. Archibald of San Marino spoke on Parent Education, study groups, the allied youth movement and other subjects of importance to parents and teachers.

Ella W. Austin and Mrs. Isabel Hefelfinger were among those present from Nevada City and Mrs. Austin spoke briefly.

The district president, Mrs. E. P. Stoll and some of her officers are expected to attend the next meeting on November 8.

## WARNING GIVEN BY SEAWELL ON ONE HOUSE PROPOSAL

The rural sections of the state would be menaced, in the opinion of State Senator J. L. Seawell, if the drive to change the legislature from the present senate and assembly to a single house body is successful and further discussed the possibility that the move would throw the control of the state into the hands of the big city politicians.

As guest speaker at a service club luncheon in Nevada City last week he spoke of divers matters of interest to those attending.

## Recovering—

Rev. William Daly is on the road to recovery following an attack of influenza.

### PREVENTING HOME FIRES

A new bulletin issued by the National Board of Fire Underwriters points out that a very large proportion of all fires occur in homes, that home fires are responsible for about one-half of the total of loss of life from fire, and that scientific dwelling house inspection can eliminate most hazards.

Fire departments in various cities have inaugurated campaigns to cut down home fires through annual inspections. In one typical city the number of home fires was reduced by 37 per cent and the loss by 44 per cent, as compared with a previous period in which no inspections were made. Cooperation of the public is, of course, essential. Local chambers of commerce can aid by appointing committees to deal with the problem and acquainting residents with the need for inspection. Women's clubs and teachers can likewise help to accelerate the good work.

The inspections must be thorough. Heating plants, exposed wiring, storage of inflammables, attic and basements and spare rooms where refuse and unused articles are allowed to accumulate, amateurish repairs of various kinds—every home is likely to present grave hazards such as these which can be easily and inexpensively corrected. The expenditure of an hour's time and perhaps a few cents of your money today may save lives and hundreds of dollars tomorrow.

Fire Prevention Week was recently observed. An excellent follow-up, worth while to every community, would be the inauguration of a yearly home-inspection plan.

### "ONLY" \$9,000,000,000!

There seems to be considerable confusion as to just how big the national debt is. One member of the appropriations committee puts it in the neighborhood of \$40,000,000,000, while another member of the same committee places it between 36 and 37 billions. Likewise they disagree as to just how much money the last session of Congress authorized the government to spend. One concludes from his figures that it was in excess of \$10,000,000,000, while the other estimates it was "only" \$9,000,000,000!

Granting that the discrepancy is mostly due to political heckling based on technicalities regarding reappropriations, etc., the fact remains that even optimistic calculations leave a staggering total, a total for beyond present revenues. And, the most that optimists hope for in fiscal 1938 is a "layman's balance"—that is, a balance except for public debt retirement.

As the New York Times points out: "This is not a reassuring calculation, even if it works out. For it means that expenditures are now at so high a level that even the boom years of a business cycle do not provide for the retirement of debt accumulated during the depression years. Under such a policy, there is nothing to keep the debt from mounting endlessly."

### WANTED—TRAFFIC HEROES!

Buckled fenders, splintered windshields, and crumpled skulls strike the dirge-like chords of America's onward march to a greater and more appalling total of automobile fatalities than last year.

During this year's first eight months, 24,500 persons fell before everyone's enemy—driving carelessly. Since this was 11 per cent greater than the number killed in last year's corresponding period, we may as well face this added bit of music from traffic's funeral march—before New Year's dawn of 1938, some 16,000 more persons will meet death on the nation's roadways.

Yet this does not mean safety campaigns are in vain. Match that 11 per cent increase in fatalities against 14 per

## At the Russian Polar Base

## Politically Speaking

By Jack Welter  
United Press Staff Correspondent

SACRAMENTO, Oct. 14—(UP)—An unusual legal situation has ended at least temporarily, veteran State Senator Dan E. Williams' political career and left Tuolumne, Mariposa and Calaveras counties without representation in the upper house of the legislature.

Williams, Sonora resort operator who has represented the three counties in the legislature for six consecutive sessions and two prior to that, established residence in Idaho, where he filed a divorce suit.

He thus was disqualified as senator from the 26th district, since he no longer was a legal resident of California.

By reason of the same requirement, observers believed he would be unable to seek office in 1938. Officials of the secretary of state's office pointed out that candidates to qualify must meet stipulated three year residence in the state and one year in the district to qualify for the ballot.

Although Williams has not been disqualified formally, nor his post declared vacant, it appeared likely this action would be taken some time after January 1, when the state begins paying its legislators their \$100 monthly salaries, the practice

cent increase in automobile travel, and evidence of some improvement does glimmer through.

But of what comfort is it to the stunned driver who has snuffed out someone's life, or to the victim's grief-stricken family, that the deaths-per-mile ratio is really lower this year than last?

America has had its share of traffic victims. Let us have more traffic heroes—people with alert and constant devotion to the cause of safety.

## Colored Flash

during non-session years.

Legal authorities said a court test probably would be forthcoming to settle the matter legally. They could see no recourse for Williams, however, since the state political code fully sets forth conditions of residence for public office holders.

With the popular Tuolumne county solon thus apparently out of the picture, three candidates appeared

in the field immediately as possible successors.

Maurice Brown of Sonora a democrat and former assemblyman, admitted he may be a candidate in 1938. Reports reaching the capitol, meantime, said campaigns for Assemblyman Jesse Mayo of Angels Camp and Attorney Edwin L. Foster of Sonora, were gathering impetus. Both the latter are Republicans.

Although the state fish and game commission is one of the three governmental agencies which seem to be more consistently bombarded than any others, this incessant criticism has been deterrent in aspiring commissioners.

In Gov. Frank F. Merriam's confidential files there are petitions, letters and various other requests from 29 candidates or their sponsors

for appointment to the fish and game board.

As presently composed, the commission consists of E. C. Moore of Los Angeles, president and I. Zellerbach of San Francisco and A. T. Jergins, Long Beach.

The 1937 legislature, after several previous efforts had been bowled over, finally approved a measure to increase membership from three to five as a step toward reorganization. Merriam has delayed naming the two new commissioners since the legislative bill became law August 27 and as a result has the heavy file of petitions to consider in making his selection.

The list from which he presumably will make his choice includes nominees from every section of the state. (Continued on page 5)

By Swanee

CAR WRECKED, COW  
KILLED IN MISHAP  
ON TAHOE ROAD

TAHOE CITY, Oct. 14.—About 6:45 p. m. on Sunday, a car driven by Ernest Mery of Reno ran into a cow on the Truckee-Tahoe highway near Rampart Station, killing the animal and badly damaging the radiator and fenders of the car.

Neither Mery nor his companion, Myrtle Smith, were injured.

The cow was one of the herd belonging to Bud Jones, local dairyman.

Two warrants have been sworn to during the past month, according to officers, by residents who protested the presence of cows in their front yards, where they quickly level plants and flowers. Their jangling bells have long kept summer visitors and local residents awake throughout the night, in some sections, and they have been declared a public nuisance. A ruling is expected soon by the local court, especially since the district attorney's office in Auburn indicated that cows on public highways must be attended by a herder.

Constable Harry Johanson investigated the accident Sunday night.

Tahoe  
Ramblings

(By SWANEE)

Mrs. Minnie Pomin of Idlewild was recently honored on the occasion of her birthday at a turkey dinner given by the Henry Solls of Pine Lodge. A huge birthday cake served as the centerpiece for the gaily decorated table at which were seated Mrs. Pomin and her husband, Ernest, Mrs. Alice Brown, Mrs. Anna Mund, Joe Pomin, Mr. and Mrs. Henry Soll and daughters Agnes, Alice and Mary Jane and Miss Patsy Henry.

Miss Marie Miller is enjoying a two weeks vacation stay at Santa Barbara.

Blanche Pierson was hostess on Saturday at a children's party, eight little playmates sharing ice cream, cake and enjoying the games.

Mrs. Bud Mandeville of Brockway is recuperating satisfactorily in a Grass Valley hospital from an emergency operation performed last week.

Mr. and Mrs. Murray Smith left on the train Wednesday last week for their new home in Vermont, being detained at Tahoe a week longer than they had anticipated.

Mr. and Mrs. Clarence Vernon of Bettencourt Tract are enjoying a motor trip back to Missouri where they will visit with old friends and relatives for several weeks. They left by the northern route and will return via the south, planning to be gone a month or more.

Miss Lillian Vernon is now attending Sacramento Junior College where she is specializing in journalism. She was recently elected secretary of the Campus Y club and has been accepted into the Phi Theta Kappa society.

Carl Bechdolt, Sr., must have his fractured shoulder taped in a splint for the next eight weeks. This did not prevent him, however, from attending the rodeo at Roseville on Sunday with friends.

Mr. and Mrs. Abe Leach of Diablo spent an enjoyable week end at their attractive summer cottage in the Timberland Tract.

Mrs. Annie Soll and Mrs. Eleanor Swanson on Monday were joint hostesses at a bridge dinner held at the Soll's Pine Lodge home. Guests gathered at 1 o'clock, cards consuming the after dinner hours. In attendance were Mesdames Phila Chambers, Northie Pomin, Phoebe Darlin, W. A. Simmonds, Ethel Atherton, Norma Obexer, Minnie Pomin, Anne Mund, Alice Brown, Elizabeth Worden and Miss Agnes Soll. Mrs. Chambers took first prize, Mrs. Darlin, second and Mrs. Simmonds the consolation.

Send the SIERRA SUN — better than a letter.

MRS. VALENTINE IS  
FETED AT AFFAIR  
GIVEN BY LADIES

TAHOE CITY, Oct. 14.—Mrs. Ida Simmonds was hostess on Monday at 1 p. m. to members of the Tahoe Women's club, who honored Mrs. C. O. Valentine at a "going away" party. A tasty luncheon preceded an afternoon of bridge, 24 guests being entertained. Each lady brought a handkerchief for the departing guest who leaves with her husband in the near future for a tour of the east and Canada. The Valentines, owners of Valentine's Lodge near the Tavern, will go by train to the eastern factory where they will purchase a new car in which they plan to tour portions of Canada, weather permitting. They will winter in southern California following their return.

Those attending the party were Mr. and Mrs. C. O. Valentine, Mr. and Mrs. W. A. Simmonds, Mesdames Barbara Spitzen, Pearl Trickey, Stella Watson, Ann Anderson, Marie Henry, Eleanor Swanson, Ann Mund, Minnie Pomin, Phoebe Darlin, Ethel Atherton, Nora Hevel, Ruth Mayfield, Ruth Wathen, Matt Green, Irene Duffee, Northie Pomin, Evelyn Bliss, Elizabeth Worden, Alma Pierson and Rose Boylades.

First prize was won by Mrs. Darlin, second by Mrs. Green and the consolation went to Mrs. Simmonds.

PRUSSO CLOSING INN  
AT TAHOE AFTER  
LIONS DINNER MEET

TAHOE CITY, Oct. 14.—The Lions club dinner on Saturday night last proved highly successful to members and their guests numbering 64. A special dinner was served and 108 persons attended during the evening.

Sunday marked the closing of Prusso's Inn, where the meeting was held, following a successful season.

Saturday night's affair resembled New Year's eve with noise makers, serpentine, fancy hats and other appointments adding to the fun and dancing continued until the wee hours.

Miss Agnes Soll left on Sunday for Sacramento where she will be employed by the telephone company during the winter months. She was a week end visitor at the home of her parents here.

Mrs. Irene Bell was hostess at the Bean Pot in town on Saturday night where a group of friends gathered in masquerade costumes to enjoy a buffet supper and dancing.

Mrs. Mary Planett of Verdi is a visitor in town this week at the home of her daughter, Mrs. Ray Hicks.

Successful buck hunters appear to be few this week as the cold weather is credited with having driven the deer over the mountains to the warmer climes. Five bucks in one group were sighted in the Homewood district last week, but the sightseers had no guns with them and so the quintet are still alive. Several were reported killed in the Brockway district but later reports indicate a decided scarcity in the local area.

John Pingree of Tahoe Pines has been married to Mrs. Asal of Tahoe City, a resident of town for more than a year. Mrs. Pingree and Mrs. Alice Brown left the first of the week for a motor trip to the east.

The storm which a week ago hit the Tahoe region, left the first light snow of the season, with temperatures dropping to a new low level for the year. Mountain peaks on the south end of the lake retain their mantle of white.

OF JOLLY AFFAIR  
SATURDAY NIGHT

A "hard times" and costume party was held at Rene's Bean Pot at Tahoe City on Saturday night.

Prizes were awarded for the best costumes with the ladies first going to Mrs. Ben Stanley who was dressed as Sis Hopkins. The men's first was awarded to Carl Augstmann who was attired as a monkey. The other prizes went to Mrs. Bert Watson as a western girl, Ben Stanley as Rastus, Bud Slater as Flapper Fannie, Dick Hume as a Chinese girl, Joe Quinn as Tillie the Toller and Rene Bell as Aunt Jamina, who did a cake walk and sang several negro songs.

Games and dancing were enjoyed and a buffet supper was served. Those attending were Mr. and Mrs. Bert Watson, Mr. and Mrs. Ben Stanley, Mr. and Mrs. Bud Slater, Mr. and Mrs. George Collins, Mr. and Mrs. Pete Zill, Mrs. May Looker, Miss Betty Hume and the hostess, Irene Bell, Carl Bechdolt, Chris Boylades, Dick Hume, Harley and Belmont Jancke, Joe Quinn Carl Aug-

Kasan, faithful, pale-blue eyed lead dog of Constable Harry Johanson's Alaskan huskies, has gone down the trail for the last time. He died on Thursday from poisoning, believed contained in a dead chipmunk which he ate. His master feels the loss deeply for it was Kasan who several years ago defied the entire pack which threatened to attack the officer when he slipped on the ice crusted snow while harnessing them to the sled. The faithful lead dog held the pack at bay while the master regained his footing. Kasan is only one of the many local pets poisoned recently.

With the advent of the cold weather many have closed their homes and departed. Among them are Mrs. J. L. Debenedetti who has gone to San Mateo for the winter. She was accompanied by her sister Miss Regina Cuneo. They left on Sunday. The same day saw the departure of Mrs. John Reedy of Timberland, accompanied by her sister, Miss Ann McDonald who summered at Tahoe. Mrs. Reedy will occupy her San Francisco apartment while Miss McDonald will reside in Stockton for the winter months.

Other Tahoeites already departed are Mr. and Mrs. J. Charles Harris of Timberland who closed their home last week and will take an apartment in Oakland for the next six months.

RELIEF CHISELERS  
"ON SPOT" WHEN  
PROBES ARE MADE

SACRAMENTO, Oct. 14.—(UP) — A determined drive on relief "chiselers" resulted in a saving to the state of more than \$1,200,000 during the past year, controller Harry B. Riley said.

Irregularities were disclosed through investigations conducted by state departments and a general policy of close scrutiny of applicants records. Threat of prosecution brought restitution in many instances, while cancellation of warrants resulted in additional savings, the controller said.

One case was cited in which an applicant returned \$981 to the state treasury. He had been drawing \$25 to \$30 monthly since 1934 despite the fact he owned bank stock worth \$4,131.

stmann, Steve Craig, Frank Reardon, Bert Burgess and Leo Wilcox.

CONTRACTORS MUST  
PASS MORE RIGID  
TESTS FOR LICENSES

SACRAMENTO, Oct. 14.—(UP) — Applicants for state contractors' licenses henceforth will be required to prove a reputation for honesty and a reasonable knowledge of basic safety laws, Earl S. Anderson, state registrar of contractors, reported.

The new rules were adopted to conform with revisions of the contractors' law enacted by the 1937 legislature, Anderson said. Formerly, applicants were only required to show they were of good character. Attorney General U. S. Webb will be asked to review the rules before they are placed in effect, he said.

Applicants meeting the integrity test requirements will be subjected to written examinations concerning knowledge of the state's building safety, health and lien laws.

# HOBERT MILLS

Melburn Mills of Truckee was a Hobart visitor on Thursday of last week.

Mr. and Mrs. Charles McKeen of Truckee were recent visitors at Hobart Mills.

Mrs. George Seymour visited at the home of Mr. and Mrs. Frank A. Wilson on Thursday. They were from their home at Brockway on Lake Tahoe.

County Superintendent of Schools Ella Austin accompanied by the county health nurse visited the Hobart school on Thursday, while making a tour of the schools in the eastern end of the county.

Sam Cavallo was seriously injured at Shed 18 on Friday morning. Soon after reporting at the shed for work the men were engaged moving a railroad car, preparatory to loading it. When Cavallo jumped from the moving car he was jammed between the car and a large timber in the building. The results of the accident are a badly broken shoulder blade and internal injuries. Cavallo was taken to Truckee immediately by C. E. Murray of the Hobart Estate company and taken to Dr. Bernard who advised them to take the injured man to Reno for X-rays and treatment and he is at present at the Washoe General hospital.

Mrs. Sam Cavallo and son, Lonie of Reno were Hobart visitors on Saturday afternoon.

Owen Landrith Jr., and George McDonald of Sacramento were the guests of James McLeod on Saturday and Sunday and enjoyed deer hunting in the vicinity.

Mr. and Mrs. Jack Chubbuck accompanied by Mrs. Chubbuck's sister Miss Nancy Peterson of Sacramento spent the week end visiting at the home of Mrs. Cora Chubbuck.

Mrs. D. Dundas and son Stanley of Sacramento visited at the home of the G. E. McLeods on Thursday.

Dr. and Mrs. Harold Schwing accompanied by Mr. and Mrs. Harry French of Standard were the guests of friends in town over the week end.

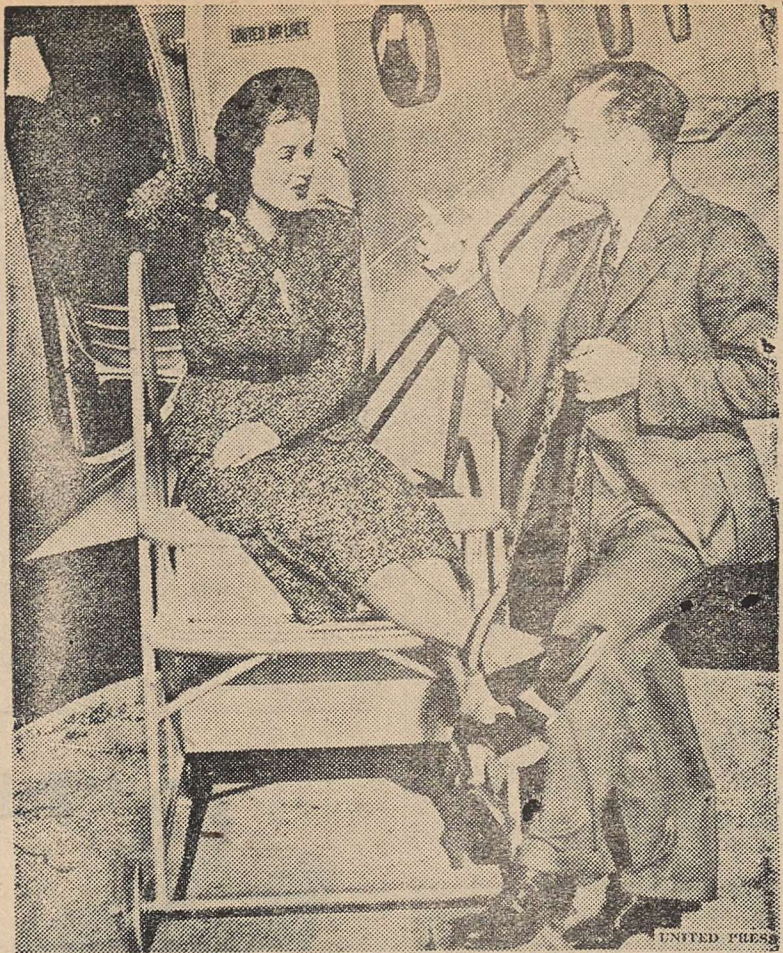

Mr. and Mrs. Jack Murray and daughter of Grass Valley were week end guests at the home of Mr. Murray's parents, Mr. and Mrs. E. C. Murray.

W. J. Thomas of Tahoe City visited his sister, Hannah Stewart and family on Sunday and all went to Reno in the afternoon. Mr. Thomas formerly was manager of the Hobart Estate store and is now employed at the Tahoe Mercantile at Tahoe City.

Mr. G. D. Oliver arrived in town Monday and will spend several days in town.

T. K. Oliver returned home from

# Romance Wins Over Chance at Fame

And it looks as though Pretty Helen Hawkins, United Airlines' stewardess, is already being given a lesson in wifely behavior as Tommy Thompson, San Diego baseball star—and her new husband, incidentally—was an admonishing finger at her. Miss Hawkins last year turned down a movie contract offered by Ernst Lubitsch, preferring to become Mrs. Thompson, a housewife, as the result of a recent elopement to Reno.

Berkeley Monday after spending the week end with his family.

Mr. and Mrs. Leroy Wilson and family of Sierraville spent the week end at the home of Mr. Wilson's parents, Mr. and Mrs. Frank A. Wilson.

Mr. and Mrs. E. W. Canady spent Saturday and Sunday at Nevada City.

Mr. and Mrs. Harry Young visited friends at Roseville on Sunday.

G. E. McLeod and son James visited Mrs. McLeod and son Johnnie at Nevada City on Sunday.

Mrs. Jennie Watkins and Mrs. McKay of Truckee visited at the home of Mrs. Hannah Stewart on Saturday afternoon.

H. E. Hattrup and two sons left here Saturday for Auburn where they will make their future home. Hattrup has been employed as a painter at Boca dam. The boys have been attending school here.

Harry Maggard of Lake Independence was a Hobart visitor Monday and reported things very quiet at the lake aside from a few deer hunters who are still in the vicinity.

County Supervisor and Mrs. Alex Robertson attended the funeral of

the late Harry Turner at Sattley last Sunday afternoon. Mr. Turner was well known locally and spent his entire life in Sierra Valley and had been in the dairy business at Sattley and Goodyears Bar for several years. He is survived by three sons, who were associated with him in business. His wife passed away at Sattley just seven months ago.

## LEGAL NOTICE

### NOTICE OF PUBLIC SALE OF AUTOMOBILE TO SATISFY LIEN

NOTICE IS HEREBY GIVEN that on the Tenth day of November, 1937, at the hour of 10 o'clock A. M. of said day at the premises known as the Truckee Garage situated at the Truckee, County of Nevada, State of California, the undersigned will sell at public auction to the highest bidder for cash in lawful money of the United States the hereinafter described automobiles and motorcycle to satisfy a lien of the undersigned for storage and repair charges. The descriptions of said automobiles and motorcycle together with the amount for which lien is claimed are as follows:

1927 Buick Sedan (Standard Six), Engine Number 2165032; 1937 license Number GT 795 (Wash.); amount due as of date of sale \$40.00; registered and legal owner Violet Matlock.  
1929 Ford Coupe, Engine Number A 1432539; 1936 license number 27-573 (Nevada); amount due as of date of sale \$76.79; registered and legal owner Peasey Motor Company.  
1937 Willys 77 Coupe, Engine Number 77-40783; 1937 license number 7Z8847 (Calif.); amount due as of date of sale \$28.00; registered and legal owner Davies Motors, Inc., 1437 Broadway, San Diego, California.  
Harley Davidson Motorcycle, Engine number 27JD3253; 1936 license number 11-017 (Calif.); amount due as of date of sale \$15.00; registered and legal owner Charles La Vallee.  
Said sale will be made in accordance with the provisions of Sections 2051 and 3052 of the Civil Code of California and Sections 427 and 428 of the Vehicle Code of California and for the purpose of satisfying the lien of the undersigned on said automobiles and motorcycle in the sums hereinafter mentioned together with costs of said sale; said lien being for services rendered by the undersigned in storing, safekeeping and repairs on said automobiles and motorcycle.  
Dated October 14, 1937.

### NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

October 14, 1937.  
To Whom It May Concern:  
Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:  
Sportland Pool Hall, Truckee, California.  
Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance

# FIRE LOSSES DURING YEAR FAR BELOW THOSE DURING 1936

SACRAMENTO, Oct. 14—(UP) — California has passed through its annual fire season with losses only one-fifth as great as the severe toll sustained in 1936, state forestry officials reported.

The foresters office hailed a general early October rainfall through northern California as reducing the fire hazard almost to the vanishing point. Snow fell in some areas to add to the favorable outlook.

Latest tabulations of fire losses preceding the drenching rainstorm was submitted to the governor's council by George D. Nordenholt, state director of natural resources.

His figures showed 1937 losses up to September 1 to be only one-fifth as severe from an acreage standpoint with only one-sixth the monetary damage wrought by fires to the same date the preceding year.

Nordenholt credited generally favorable fire conditions—absence of protracted periods of low humidity, high temperatures and high winds and increased efficiency of fire fighting units—for the decrease.

Efficiency of the state's fire organization, assisted by civilian conservation corps crews, was attested by the fact that although 2,153 fires were reported in 1937—compared with 2,482 in 1936—they burned over only 52,130 acres. The previous year, forest and range blazes blackened 271,015 acres. Rangelands and improvements, particularly, were beneficiaries this year.

In 1936, fires levelled \$225,936 worth of improvements and devastated range valued at \$135,673. This year, destruction of improvements was held down to \$36,210 and range damage was estimated at only \$14,002.

Forest blazes raged across 1,660 acres of merchantable timber in 1936, including disastrous fires in famous redwood areas, while this type of fire burned only 475 acres to the first of last month.

Total damage to September 1 thus was confined to \$68,006 against last year's total of \$410,437.

Although September to the forest service is the peak danger period of the season the month passed this year with comparatively few fires of consequence. It was during September in 1936 that California experienced particularly destructive fires and the town of Bandon, Oregon was destroyed in another blaze.

# DRIVEWAY PARKING TO BE COSTLY FOR OFFENDING DRIVER

SACRAMENTO, Oct. 14—(UP) — Vehicle drivers who park their cars in front of driveways, blocking the entrance, will find it rather expensive under a change in the motor vehicle laws—unless the machines belong to occupants of the premises.

Under terms of the amendment adopted by the last legislature police may call a towing service and have the cars removed to a garage. The charge incurred in this activity will be assessed the owner of the illegally parked machine.

Previously, the law expressly prohibited officers from removing the vehicles.

# DEPUTY SAYS "JOKE" ABOUT FIGHT WAS CARRIED TOO FAR

WOODLAND, Oct. 14.—(UP) — There's such a thing as carrying a joke "too far"—70 miles too far—in the opinion of Deputy Sheriff Clifford Garrison.

Garrison received a hurried call from a ranch 35 miles distant. Two laborers were engaged in a terrific battle, the report said.

When the officer arrived, Juan Guiteriz and Jesus Sanchez admitted they were throwing kitchen utensils at each other, but insisted they were "only kidding."

of alcoholic beverage license (or licenses) for these premises as follows:

On sale beer.  
Anyone desiring to protest issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

# Recall Past Glories at Willamette

Lieut. Comdr. Ross McIntire, personal physician to President Roosevelt, is shown, third from left, in the picture above, as he demonstrates how he used to hold a basketball when he was captain of Willamette University's Northwest champions in 1911 and 1912. The picture was taken recently when Mr. McIntire revisited the scenes of his undergraduate days. With him at extreme left, Spec Keene, present basketball coach; Walter Weaver, winner of McIntire's basketball-student scholarship, and, at extreme right, Dr. Bruce Baxter, president of Willamette.

# COLLEGE OF PACIFIC BOYS LIKE BRUNETTS, QUESTIONS PROVE

COLLEGE OF THE PACIFIC, STOCKTON, Oct. 14—(UP)— Men students at this Methodist college prefer their women brunet, dry and non-smoking, a survey of the three fraternity houses on the campus revealed.

All three voted in favor of brunets in preference to blonds. Two houses were against both drinking and smoking by their ideal girl. The third house approved the liquor question by one vote.

On one question, however, the men presented a united stand—they all disliked a girl who becomes hungry whenever she approaches an eating place—with a male escort.

# STATE LEADS NATION IN PLACING PERSONS ON EMPLOYMENT

SACRAMENTO, Oct. 14.—(UP)—

California led all other states in placing persons on jobs during the year ending June 30, 1937, Roy S. Stockton, chief of the state employment service, reported to Governor Frank F. Merriam.

Figures for that period compiled by the service showed 363,333 job placements, an increase of 56.9 per cent over the previous year. Of this number 205,922 were placed in private employment.

"Not only did California place more persons in employment than any other state," Stockton said, "but new applications received during the year amounted to 332,340, a far greater number than made in any other state."

## This Week At The State Capitol

By JOHN ABBOTT  
United Press Staff Correspondent

SACRAMENTO, Oct. 14.—(UP)—Renewal of the long-range verbal war between U. S. Senator Burton K. Wheeler and Gov. Frank F. Merriam in the now celebrated horse racing feud led the week's capitol news.

Significant in legal circles was another ranking story, a test case of the recently enacted law permitting attorneys to challenge a judge without stating reasons.

The Merriam-Wheeler controversy, familiar to followers of racing activities in California, broke out again after a brief lull when the Montana senator informed the governor "I will reluctantly come to the conclusion we could not get a fair hearing before you on these charges."

Wheeler referred to allegations against the state racing board filed by his client Norman W. Church, in which Santa Anita track officials were accused of discriminating against Church. Church, further charged this situation was "condoned and approved" by chairman Carleton F. Burke of the board.

Attacking the governor's action in dismissing charges filed against Burke by Church, along with other complaints, Wheeler said:

"You saw fit to try and confuse the issue by a technicality of plead which does not and never did exist."

Said Merriam: "Mr. Church or any other citizen of California may file charges against Mr. Burke . . . and such charges will be given prompt and earnest attention either by me or a commission which I will name when charges are filed."

Temper of the two statements indicated further strained relations may develop regarding methods of selecting a commission.

The judge challenge incident set legal sharps to speculating on a wide scale.

It developed when the third district court of appeal issued an alter-

## LABOR CAMPS STILL NOT ADEQUATE IN OFFICIAL'S OPINION

SACRAMENTO, Oct. 14.—(UP)—Despite a decided improvement in labor camps inspected by the division of immigration and housing during August, prediction was made by the bureau that facilities for handling cotton worker would prove inadequate in the season now under way.

During the month the division inspected 181 labor camps, on which 53 were listed as in good condition, 81 fair and 45 bad. The camps visited housed 8,377 persons, including 2,624 men, 2,762 women and 2,991 children.

## BAY BRIDGE STILL REFLECTS DROP IN RATES FOR FERRIES

SACRAMENTO, Oct. 14.—(UP)—Traffic on the San Francisco-Oakland bridge continued during September to reflect efforts of reduced ferry tolls, a department of public works report disclosed.

Although 705,704 vehicles of all classes crossed the span last month, the total was considerably below the 853,579 mark established in August.

Daily average for September was 25,523 for an income of \$377,344.45. High point was 31,763, the day of the California-St. Mary's game in Berkeley. Low mark was 19,949.

nate writ deferring action in a suit before Superior Judge H. S. Shafer of Merced county until it has an opportunity to study the statute in question.

When challenged by one of the attorneys in a suit for damages involving two trucking firms, Judge Shafer refused to disqualify himself the protesting attorney declared in asking the appellate court for a writ of prohibition.

Judge Shafer further remarked it was his opinion the challenge statute was a "silly, unconstitutional enactment," the attorney set forth.

As passed by the legislature the law permits attorneys to challenge one judge without assigning cause. Decision of the appellate court on the prohibition writ is expected to bring to a settlement a question on which many legal experts differ—whether the law is constitutional.

Capitol correspondents recalled an amusing incident in connection with the case. Sponsor of the measure was Assemblyman Alfred Robertson of Santa Barbara, who prefaced introduction of many of his bills with "this is a silly bill."

As quoted in appellate court at least, it was agreed Judge Shafer and Assemblyman Robertson were in agreement on at least one phase of the act.

Two of the five convicts who survived Folsom's "Bloody Sunday" rioting were arraigned in superior court on murder indictments. Trial was set for November 15. The men, Robert Lee Cannon and Ed Davis, alleged ringleaders of the gang, pleaded not guilty to both indictments, in which they were charged with the murder of Warden Clarence A. Larson and Harry E. Martin.

A meeting of the California Toll Bridge authority was called by Gov. Merriam to receive a report on progress of the investigation of Carquinez toll bridge, now underway by the state railroad commission. Possible state acquisition is the point of the inquiry.

State Controller Harry B. Riley reported California's total county indebtedness was reduced more than \$11,000,000 during 1937.

### NEVADA COUNTY TO GET \$7,430 FROM LIQUOR LICENSES

Allocations of \$1,447,259.75 to cities and counties as their share of liquor fees and licenses issued during the first six months of 1937, was announced by R. E. Collins, chairman of the state board of equalization.

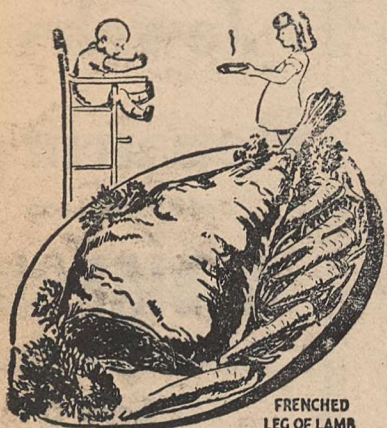

The allocation represents 50 per cent of the total fees earned during the first half of the year, totaling \$2,894,519.51, the state's share of

which goes into the general fund. On the basis of actual licenses issued, Nevada county will receive a total of \$7,430.32, of which \$3,530.32 will go to the unincorporated areas and \$3,900 to Grass Valley and Nevada City.

The change in the law to provide for allocations twice a year instead of annually was made at the request of members of the board of equalization so that these funds would not remain idle for such a long period. Payments of the various allocations will be made in the near future, officials said.

In pointing out that these funds are collected entirely by the state and represent income derived exclusively from liquor licenses, Collins called attention to a recent opinion of Attorney General U. S. Webb in which it was held that a proper expenditure of this money would be the fulfilling of the obligation imposed upon cities and counties by section 66.5 of the Alcoholic Beverage Control Act which provides as follows:

"It is hereby made the duty of every peace officer and every district attorney in this state to enforce the provisions of this act, and to in-
